REMARKS:      1. Attached to the Intelligence and Information Branch copies of this Disposition Form is a joint dictionary of military terms in common usage (Tab B). This list was compiled by ANSCOL in compliance with JCS 1373.

     2. At the request of the Director of Central Intelligence, the dictionary has been referred to CIG for review and comment. For your convenience, I have listed (Tab A) those terms which apply directly to Intelligence. This list may not be complete. Those terms considered controversial by ANSCOL are marked by an asterisk on both the extracted list and in the dictionary proper.

     3. It is requested that you review these definitions, bearing the following principles in mind:

        a. The comments of CIG should be confined to the absolute minimum number of terms.

        b. CIG should attempt to standardize only those terms which are in common usage outside the Joint Chiefs of Staff structure and whose JCS definition cannot be accepted by the other departments.

(continue "Remarks" on back, if necessary)

(OVER)

4. Where the JCS definition is not concurred in, your substituted definition should be submitted.

5. Upon submission of OIG comments to JCS, an SOP for the general coordination of intelligence terms will be developed.

6. It is requested that replies to this Disposition Form be received from the Intelligence and Information Branches prior to 1 July 1946 and from the Security Branch prior to 10 July 1946.

25X1

Acting Chief, Support Branch.
